Membership Level

OGC offers a range of membership options for industry, government, academic, research and not-for-profit organizations.

Associate – OGC’s basic membership level provides voting access to domain and standards working groups of the OGC Technical Committee and non-voting participation in OGC Technical Committee, one free registration to each OGC Technical Committee meeting, access to the OGC Member Portal for interested employees of the organization, and a member discount on Trademark Licensing Fees. Associate membership options are available for:

- Commercial / National Government
- Non-Governmental Organizations / Not for Profit
- Universities / Research Centers
- Individuals – sole proprietors / independent contractors

GovFuture™ Associate memberships are available for government agencies operating at the local, state or provincial levels. In addition to all of the Associate member benefits listed above, these memberships emphasize the implementation and use of OGC standards to achieve government mission objectives.

- GovFuture Local (e.g., town, city, county...)
- GovFuture Sub-National (e.g., state or provincial organization)

Technical – Technical membership provides all the benefits of Associate membership, plus voting participation in the OGC Technical Committee (TC) on all standards and other matters brought before the TC for approval. Technical members receive two free registrations to each OGC Technical Committee meeting and a 4x maximum on the number of annual Trademark Licensing Fees if the Technical member has more than 4 certified compliant products.

Principal – Principal membership provides all benefits of Technical membership, plus voting participation in the OGC Planning Committee. The Planning Committee is the final authority for approval of OGC standards and related documents, explores market trends and recommends actions to address these trends in OGC programs, and approves nominees to the OGC Board of Directors. Principal Members recommend, review and approve Alliance Partnerships and Liaisons related to OGC Standards Program activities. They also manage and approve OGC’s policies and procedures to assure Consortium agility to meet the changing needs of membership.

Principal members receive four free registrations to each OGC Technical and Planning Committee meeting, a 2x maximum on the number of annual Trademark Licensing Fees if the member has more than two certified compliant products, and up to 24 hours of OGC staff support during each membership year for internal training and advice.

MEMBERSHIP AGREEMENT

Coincident with its membership year and with OGC president approval, a Principal member may assign 1 Associate and 2 Individual one-year memberships to universities, research organizations, commercial provider organizations or independent contractors that work under contract to the member in support of OGC related activities. These Associate and Individual members must become paying members to continue OGC involvement beyond their first year. Principal members may assign different organizations to membership at the beginning of each membership year.

Strategic – Strategic membership provides all the benefits of Principal membership plus voting participation in the OGC Strategic Member Advisory Committee. Strategic members provide significant resources to support OGC objectives in one or more strategic/mission areas of the Consortium. Strategic members are able to focus the use of their resources in specific OGC programs and leadership roles, subject to OGC management approval. Strategic members are also provided a forum, the Strategic Member Advisory Committee, in which to make recommendations regarding strategic business opportunities to the OGC Board of Directors and the OGC Planning Committee.

Strategic members receive twenty free registrations to each OGC Technical and Planning Committee meeting, a 1x maximum on the number of annual Trademark Licensing Fees if the member has more than one certified compliant product, and up to 40 hours of OGC staff support during each membership year for internal training and advice.

Coincident with its membership year and with OGC president approval, a Strategic member may assign 2 Associate and 4 Individual one-year memberships to universities, research organizations, commercial provider organizations or independent contractors that work under contract to the member in support of OGC related activities. These Associate and Individual members must become paying members to continue OGC involvement beyond their first year. Strategic members may assign different organizations to membership at the beginning of each membership year.

Membership Discount for Certain Categories of Organizations Based on Country of Registration

OGC gives discounts to certain categories of organizations – including government, academic, research, not-for-profit, individuals, and some¹ for-profit organizations – registered in countries categorized by World Bank as “L”, “LM” or “UM”. Please go to www.opengeospatial.org/ogc/join/levels and select the link “OGC membership fee calculator” to determine if your organization qualifies. If your membership fee is less than that for your level below, enter the discounted Annual Membership Fee in the blank to the right of your selected Membership Level below.
