Title:	*Align with Catalogue/CSW 3.0
Source:	*L. Stainsby
Work item code:	
Category:	* F (Critical correction)

Reason for change:	* CSW-ebRIM AP 1.0.1 is based, in large part, on the Catalogue/CSW specification. As the Catalogue/CSW spec is now being updated, it is an excellent time to revise the CSW-ebRIM spec in concert with it.

Summary of change:	* Track and identify changes to Catalogue/CSW that impact the CSW-ebRIM AP. Update the CSW-ebRIM profile specifications (Parts 1-3) to correspond with changes introduced in the new revision of the Catalogue/CSW specification.
Consequences if not approved:	If the CSW-ebRIM spec is not updated in accordance with the spec's it is dependent on it will quickly become less relevant in the industry.
Clauses affected:	* To be identified by the WG. Assume many.
