Title:	*Consider revising clause 7.6.4.1 to not make "local resolve" mandatory for all conformance classes.
Source:	*emmanuel.seguin@ign.fr
Work item code:	
Category:	* C (Functional modification of feature)
Reason for change:	* Clause 7.6.4.1. says that all implementation of WFS must support "local resolve". However, this seems rather advanced functionality for the "Simple WFS" and perhaps the "Basic WFS" conformance classes.

Summary of change:	<p>*</p> <p>1) Do not force all server implementations to support local resolve. 2) Modify clause 7.6.4.1 to list which specific conformance classes must support "local resolve" and do not include "Simple WFS" and perhaps "Basic WFS" is that list.</p>
Consequences if not approved:	
Clauses affected:	<p>*</p> <p>7.6.4.1</p>
