Title: ⑨	*Consistent handling of operators in Filter capabilities document
Source: ⑨	*Emmanuel Séguin <emmanuel.seguin@ign.fr>
Work item code: ⑨	
Category: ⑨	* C (Functional modification of feature) ⬍

Reason for change: ⑨	* Within a Filter capabilities document support for the logical operators is accomplished by including the empty element fes:LogicalOperators. This however is different from the other operators which are explicitly listed.

Summary of change: 🔵	* Modify the fes:LogicalOperators element to include content so that the supported logical operators AND, OR and NOT are explicitly listed. This also provides room for future expansion to include other logical operators (e.g. XOR).
Consequences if not approved: 🔵	
Clauses affected: 🔵	* 7.13
Additional Documents affected: 🔵	
Supporting Documentation: 🔵	
Comments: 🔵	
Status: 🔵	Assigned ⬍
Assigned To: 🔵	WFS RWG ⬍
Disposition: 🔵	Referred and Posted ⬍
