Title:	*Fix name of (non-abstract) XML type
Source:	*CSIRO
Work item code:	
Category:	* C (Functional modification of feature)
Reason for change:	* The GMLCOV schema has a definition for a type called "AbstractDiscreteCoverageType" which is not specified as abstract=true. Furthermore, this type is used unchanged as the content-model of a set of concrete element declarations. This is confusing and inconsistent with other OGC XML Schemas
Summary of change:	* In schema document http://schemas.opengis.net/gmlcov/1.0/coverage.xsd change "AbstractDiscreteCoverageType" to "DiscreteCoverageType" throughout.
Consequences if not approved:	Mislabeling leads to confusion.
Clauses affected:	* Schema document http://schemas.opengis.net/gmlcov/1.0/coverage.xsd in online schema repository.
