

SensorML v2.0
RFC Package README
2012-10-25

Contained in this RFC evaluation package are the following SensorML 2.0 articles for evaluation:

- (1) **Specification Document** - 12-000_SensorML_v2.0.docx
- (2) **UML Models** - /Model/*
- (3) **XSD Schema** - /Schema/SensorML 2.0/*.xsd
- (4) **Schematron rules** - /Schema/SensorML 2.0/*.sch
- (5) **Examples** - /Schema/SensorML 2.0/examples
- (6) **SensorML 2.0 Presentation** - SensorML-2.0-update.pptx

Note: the examples include

- (1) **html index and example descriptions** - /Schema/SensorML 2.0/examples/*.html
- (2) **actual xml instances** - /Schema/SensorML 2.0/examples/xml/*.xml
- (3) **syntaxHighlighter javascript and support files for color coding examples** - /Schema/SensorML 2.0/examples/syntaxHighlighter/

NOTE WELL: for viewing the examples, one should start with the examples index:

/Schema/SensorML 2.0/examples/index.html

The most up-to-date examples will also be available at:

<http://www.sensors.ws/examples/sensorML-2.0/index.html>

More examples will continue to be added and documented over the coming weeks.
