Mr. Terry Maloney
PCI Geomatics
490 Saint Joseph Blvd, Suite 400
Gatineau, Quebec J8Y 3Y7

Dear Mr. Maloney:

On behalf of the OGC Board of Directors, it is my great pleasure to inform you that PCI Geomatics has been selected as one of the first recipients of OGC's newly established Distinguished Member Award. An award ceremony is scheduled for the evening of 21 March 2012 as part of our upcoming OGC Technical Committee meetings in Austin, TX. I hope that you or someone from your staff can attend the ceremony to receive the award on behalf of your organization.

The Distinguished Member Award was established by the OGC Board late last year to recognize an OGC member organization that has made a substantial, positive and sustained impact on one or more areas of OGC mission accomplishment through a high level of commitment beyond traditional member engagement. This award is granted by the Board today in recognition of the PCI's strategic commitment to advancing the mission objectives of the Open Geospatial Consortium in the Asia Pacific region.

PCI Geomatics is recognized for its leadership in advancing support for OGC standards and programs in the Asia / Pacific region. In recent years, PCI has provided OGC with unprecedented access to its regional staff in India, China and other nations across Asia to increase the visibility of OGC, to make invaluable introductions to key leaders from the region, to encourage standards adoption, and to stimulate participation in the OGC member process. OGC also recognizes PCI, for its leadership in the formation and support of OGC's Global Advisory Council, established to assure that underrepresented regions of the world have a voice in the OGC process. PCI support for the Council, the brainchild of Dr. Robert Moses, continues today long after his passing.

PCI's selection for this OGC Distinguished Member Award represents our personal gratitude for the work your organization has done to improve OGC awareness, standards take up and membership representation in underrepresented regions around the globe.

I look forward to your acceptance of this invitation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Mark E. Reichardt', is written over a light blue horizontal line.

Mark E. Reichardt
